

Sign Retroreflectivity

Description – Has your Agency established and implemented a sign maintenance program that regularly addresses the new Manual on Uniform Traffic Control Devices (MUTCD) minimum sign reflectivity requirements? Agencies have until January 2015 to implement and continue to use an assessment or management method that is designed to maintain regulatory and warning sign retroreflectivity at or above the minimum levels in Table 2A-3 of the 2009 MUTCD. For overhead guide signs and street name signs, the compliance date is January 2018.

Registration Information – Registration can be completed online at: www.mdot.ms.gov/ltap/ or by completing the information below and submitting this form to the LTAP Team via email at ltap@mdot.ms.gov. **Registration is \$25. Lunch is not provided.** Substitutions may be made at any time. Any registrant requiring a reasonable accommodation during training (i.e., mobility or access) should contact the Mississippi LTAP Center prior to the course date so the appropriate arrangements can be made.

Who Should Attend? Road/street maintenance personnel, road supervisors, road managers, public works directors, foreman, superintendents, MPOs, engineers, consultants and crew leaders.

Instructor: Mr. Scott Burge

Time: 8:00 a.m. – 12:00 p.m.
